### **My Dear Students**

What a pleasure it has been to have met you all. I feel privileged and truly lucky. For the period that we've been together, I have enjoyed every minute of it. I am happy to have seen the progress you've made in your spoken and written English and I hope that you will keep up the good work in the new term.

### **To the 3<sup>rd</sup> Graders**

Your time in junior high school is coming to an end. Soon you will be proceeding to new school or senior high school and very soon, to the university. I hope you plan to get the highest level of education, a Ph.D. like me! Now, there's only one thing you need to do, pass your exams! Your teachers have done their part and now it's your turn. Remember these three things even as you prepare for your final test, **energy, focus** and **devotion**. In my country we say, no hard work goes unrewarded. So do your very best.

### **To the 2<sup>nd</sup> Graders**

Thank you very much for all your sweet messages. I am very touched and I will treasure each message with pride. I hope you're excited to move to the **3<sup>rd</sup> grade**. Set your goals high and always dream big. You see, when I was in high school in Kenya, I worked so hard and I was always the best student in my class. I dreamt big. I studied hard and passed all the tests with good grades. So I will say the same to you, dream big, work hard and devote your time to your studies.

### **To the 1<sup>st</sup> Graders**

First of all, I am very proud of you all. Your skills in English has improved very much so good job to all of you! Thank you for the sweet messages as well. I am very happy.

Now that you have gained all the knowledge, wisdom and skills you need, it's time to move to the next level, **2<sup>nd</sup> grade**! Are you ready for the new challenge? Remember, the higher you go, the tougher it gets but you are tough students and I know you will succeed and conquer the new challenge. I wish you a bright future in your studies.

### **To all students**

If I had the power to control time, I would have extended my time here for a bit longer but you know what they say, good things never last forever. So I must say good – bye now.

I wish you have a good life! Thank you so much!
